55K RUNNERS Cut-Off Time

55K runners who do not make aid station 3 by 12:00 P.M. will be considered a DNF.

Please do not proceed after the cut-off because our sweeper has left prior to your arrival. The sweep will not leave this aid station until 12:00 P.M. to begin removing course markings on the Gold Bar Rim trail and across Golden Spike trail.

Your options from here are to wait for the aid station attendant to pack up and catch a ride back to the start line where your vehicle is parked, or you can run the 6 miles back to your car.

We do not advise runners to continue across this section of the course after markings have been removed. If a runner decides to continue, the aid station attendant will collect your bib, and will advise you that you are now a DNF and are continuing at your own risk.
